# Rust Penetrant

**Rust Penetrant** works quickly to free rusted bolts, nuts, pipe thread, locks, chains and other stuck parts. The special formulation penetrates tight crevices and threads to break the bonds that hold stuck parts together. It helps prevent rust and corrosion from re-forming and leaves behind a protective, lubricating layer. Safe for use on plastic, rubber and metals.

## Powerful Formula:

Quickly penetrates to loosen the bonds that keep stuck parts together.

## User Friendly:

Ready-to-use aerosol package simplifies application. Nothing to dilute.
