Answer™ Multi-Use Carpet Cleaner

Answer™ Multi-Use Carpet Cleaner works aggressively to release carpet soils in 4 ways - as a spotter, a pre-spray, a spin clean and an extraction cleaner. This unique formulation satisfies many carpet cleaning requirements and provides safe/carefree maintenance of carpets. As a spotter it removes tough soils such as food, pet stains and even dirty motor oil. As a pre-spray, spin clean or extraction cleaner it brings these tough soils away from the carpet fibers without leaving a residue that can attract soils. Answer™ Multi-Use Carpet Cleaner is formulated with a fresh apple scent and looks like apple cider.

Safe to Use:

Contains no solvents or harsh alkalis and it has a neutral pH.

Environmentally Friendly:

Ultra concentrated biodegradable formula reduces packaging and eliminates solvent spotters.

Free Rinsing:

Easily rinses tough soils away from carpet fibers. Contains no components that void the new generation "stain resistant" carpet warranties. Its low foaming properties make carpet cleaning easy and efficient.

USE INFORMATION:

Always thoroughly vacuum the carpet and remove any attached deposits prior to use. If there is a question of the carpet's colorfastness, always pre-test in an inconspicuous area.
